

Kindred Spirit Oak

(Quercus x warei 'Nadler')

Mature Height: 20'-40'

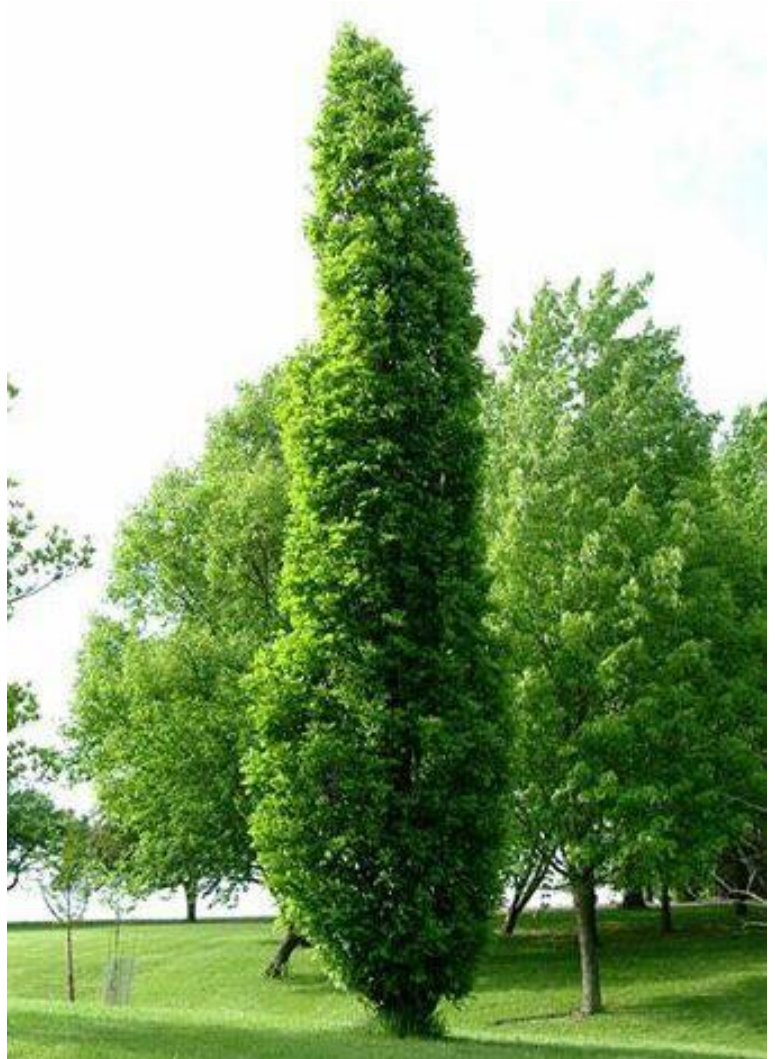

Mature Spread: 6'-10'

Growth Rate: Moderate

Fall color: Yellow to orange

USDA Hardiness zone: 4-8

Kindred Spirit Oak is a hybrid of Columnar English Oak and Swamp White Oak that was originally found at the campus of the University of Missouri – Columbia. It has the very narrow, compact habit of the Columnar English Oak parentage, with the disease resistance of the Swamp White Oak. Powdery mildew is a common disease of English Oak that the Kindred Spirit has natural resistance to. It is an excellent tree for small yards and accent near buildings. It will tolerate a wide variety of soils and weather conditions.
