

Red Barron Crabapple

(Malus 'Prairifire')

Mature Height: 15'-18'

Mature Spread: 6'-8'

Growth Rate: Moderate

Fall Color: Orange

Flower color: Bright pink

Fruit: 1/2", red, persistent

Having a more upright and columnar shape than most crabs, Red Barron is great for small spaces and close to structures. It is highly disease resistant, and retains its upright shape with little maintenance. Like mosts crabapples, it will tolerate a

wide variety of soil types and some drought conditions. Buds emerge crimson in the spring followed by pink flowers. New leaves emerge red in spring and turn bronze-green for summer. Even the fall color is a showy, bright orange.
