

Sargentina Crabapple

(Malus sargentii 'Tina')

Mature Height: 6'-8'

Mature Spread:
8'-10'

Growth Rate:
Moderate

Flower: white

Fruit: small, red

Fall color: Yellow

USDA Hardiness
zone: 4-7

Sargentina is a dwarf crabapple with a growth habit that is wider than it is tall. This makes it an excellent choice for planting in focal areas and more formal settings. The red buds open to white flowers followed by bright green foliage in the summer. The fruits are small and red, and persist on the tree into the winter. They have good resistance to the common crabapple diseases.
