

Skyline Honeylocust

(Gleditsia triacanthos 'Skycole')

Mature Height: 35'-45'

Mature Spread: 25'-35'

Growth Rate: Fast

Fruit: Nearly seedless

Fall color: Yellow

Honeylocust is a large shade tree that is tolerant of a wide variety of soils and weather conditions. It does well in urban environments as it is tolerant of pollution. It is highly drought tolerant and the strong wood is resistant to wind breakage. It's compound leaves make a filtered shade that allows for grass or other plants to grow at its base.
