

Spring Snow Crabapple

(Malus 'Spring Snow')

Mature Height: 20'-25'

Mature Spread: 20'-25'

Growth Rate: Moderate

Fall Color: Yellow

Flower color: White

Fruit: Fruitless

Spring Snow is one of the very few fruitless crabapple. It is an upright and round tree that is uniform without much pruning. It is one of the larger varieties of crabapple, so can double as a small shade tree. It is

good near walkways and ponds since it produces no fruit. It is more susceptible to diseases of crabapple than newer varieties, so good management is key for continued health.
